Section 228 of the General Corporation Law of the State of Delaware (the “DGCL”) provides that the written consent of the holders of outstanding shares of voting capital stock, having not less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, may be substituted for a special meeting of stockholders to approve the Common Stock Increase. In order to eliminate the costs involved in holding a special meeting of stockholders, the Board voted to utilize the written consent of the holders of a majority of our outstanding voting securities. The Board does not intend to solicit any proxies or consents from any other stockholder in connection with this action.

**ACTION 1: APPROVAL OF THE CERTIFICATE OF AMENDMENT TO THE CERTIFICATE OF
INCORPORATION TO FIX THE NUMBER OF AUTHORIZED SHARES
OF COMMON STOCK AT 100,000,000 SHARES**

General

Our Board and the Majority Stockholders authorized the Common Stock Increase whereby the number of authorized shares of our Common Stock will be changed to one billion (1,000,000,000) shares pursuant to the Certificate of Amendment.

Purpose and Effect of Changing (Increasing) the Number of Authorized Shares

The additional shares of Common Stock which were authorized by the Majority Stockholders would be part of the existing class of Common Stock, if and when issued by the Company. These shares would have the same rights and privileges as the shares of Common Stock currently outstanding. Holders of the Company's Common Stock do not have preemptive rights to subscribe for and purchase any new or additional issues of Common Stock or securities convertible into Common Stock.

The principal purpose of the Common Stock Increase is to authorize a sufficient number of shares of Common Stock to satisfy our obligations to lenders. Pursuant to securities purchase agreements we have entered into over the previous two years, we have issued convertible notes that entitle the holders to, under the conditions described in the agreements and the notes issued thereto, convert the outstanding debt into shares of our Common Stock at a discount to market price. We are required under these agreements and notes to, among other things, maintain a reserve of shares of Common Stock that is well in excess of the number of shares of Common Stock our outstanding convertible debt may be converted into. We have recently been informed by the holders of our outstanding convertible debt that we are not currently in compliance with this share reserve requirement. We have therefore concluded that the Common Stock Increase is necessary to bring us into full compliance with our agreements. We will also need to seek additional financing to fund the development of our product candidate PRP and will need the flexibility to issue additional shares of Common Stock.

More generally, our Board believes that the Common Stock Increase is in the best interests of the Company and its stockholders. The purpose of increasing the number of authorized shares of Common Stock is to have shares available for issuance for such corporate purposes as the Board of Directors may determine in its discretion, including, without limitation:

- conversion of convertible securities
- future acquisitions
- investment opportunities
- stock splits
- stock dividends or other distributions
- issuances pursuant to our Option Plan, and
- future financings and other corporate purposes.

Other than in connection with outstanding warrants, options or other convertible note agreements and except as set forth below, although the Company is actively discussing financing alternatives which may result in the issuance of additional shares of Common Stock, the Company has no such plans, proposals, or arrangements, written or otherwise, at this time to issue any of the newly available authorized shares of Common Stock.

No further stockholder approval is required to affect the Common Stock Increase or to issue any additional shares of Common Stock.

Effect of the Authorized Share Increase

The Common Stock Increase will have the immediate effect of increasing the total amount of authorized Common Stock as specified above, but will have no impact on the number of shares you own. The authorized shares of Common Stock may be issued without stockholder approval at any time, in the sole discretion of the Board. The authorized and unissued shares may be issued for cash, to satisfy outstanding indebtedness, to acquire property or for any other purpose that is deemed in the best interests of the Company. Any decision to issue additional shares will reduce the percentage of our stockholders' equity held by our current stockholders and could dilute our net tangible book value. Other than to satisfy conversions of our outstanding indebtedness, we have no immediate plans, proposals or arrangements, written or otherwise, to issue the newly authorized shares of Common Stock resulting from the Common Stock Increase.

Anti-Takeover Effects of the Common Stock Increase

THE OVERALL EFFECT OF THE COMMON STOCK INCREASE MAY BE TO RENDER MORE DIFFICULT THE CONSUMMATION OF MERGERS WITH THE COMPANY OR THE ASSUMPTION OF CONTROL BY A PRINCIPAL STOCKHOLDER, AND THUS MAKE IT DIFFICULT TO REMOVE MANAGEMENT.

A possible effect of the relative Common Stock increase is to discourage a merger, tender offer or proxy contest, or the assumption of control by a holder of a large block of the Company's voting securities and the removal of incumbent management. Our management could use the additional shares of Common Stock available for issuance to resist or frustrate a third-party takeover effort favored by a majority of the independent stockholders that would provide an above-market premium by issuing additional shares of Common Stock.

The increase in the relative number of authorized shares of Common Stock is not the result of an effort to accumulate the Company's securities or to obtain control of the Company by means of a merger, tender offer, solicitation or otherwise. Nor is the relative Common Stock increase a plan by management to adopt a series of amendments to the Company's charter or bylaws to institute an anti-takeover provision. The Company does not have any plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences. As discussed above, the reason for the relative increase in the number of shares of Common Stock that the Company is able to issue in order to attract potential investors and conduct equity financings. Any issuance of additional shares of Common Stock could have the effect of diluting any future earnings per share and book value per share of the outstanding shares of our Common Stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our capital stock by:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our common stock;
- each of our directors;
- our sole Named Executive Officer; and
- all of our current executive officers and directors as a group.

The following table is based upon information supplied by to us by our officers, directors and certain principal stockholders. We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock that the person has the right to acquire beneficial ownership within 60 days, including common stock issuable pursuant to the exercise of options that are either immediately exercisable or exercisable on or before May 3, 2019, which is 60 days after March 4, 2019. These shares are deemed to be outstanding and beneficially owned by the person holding those options for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Except as otherwise noted below, the address for each person or entity listed in the table is c/o Propanc Biopharma, Inc., 302, 6 Butler Street, Camberwell, VIC, 3124 Australia.

In addition, the Company's officers and directors have an interest in the Common Stock Increase that is not shared by all holders of Common Stock, as such officers and directors may be granted by the Board additional shares of Common Stock, options and/or other equity awards in the future in connection with their services provided to the Company, as a result in the increase in the number of shares of Common Stock the Company would be authorized to issue.

DISSENTERS' RIGHTS

Under Delaware law there are no dissenters' rights available to our stockholders in connection with the Common Stock Increase or the Certificate of Amendment.

HOW THE COMMON STOCK INCREASE WILL BE ENACTED

The Common Stock Increase will be affected by the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware. The Certificate of Amendment will be effective upon the date and time of effectiveness of such filing, which is no earlier than 20 calendar days after this Information Statement is first mailed to our Stockholders who did not execute the written consent of the Majority Stockholders. The Common Stock Increase will occur on the Effective Date without any further action on the part of our stockholders.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

The SEC has adopted rules that permit companies and brokers, banks and other nominees to satisfy the delivery requirements for proxy statements and annual reports, with respect to two or more stockholders sharing the same address and who do not participate in electronic delivery of proxy materials, by delivering a single copy of such documents addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

Brokers, banks and other nominees may be "householding" Company proxy materials. This means that only one copy of proxy materials may have been sent to multiple stockholders in a household. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report from the other stockholder(s) sharing your address, please: (i) notify your broker, bank or other nominee, (ii) direct your written request to Chief Executive Officer, 302, 6 Butler Street, Camberwell, VIC, 3124 Australia, or (iii) contact our Chief Executive Officer at +61-03-9882-6723. The Company will undertake to deliver promptly, upon any such oral or written request, a separate copy of the proxy materials to a stockholder at a shared address to which a single copy of these documents was delivered. Stockholders who currently receive multiple copies of proxy materials at their address and would like to request householding of their communications should notify their broker, bank or other nominee, or contact our Chief Executive Officer at the above address or phone number.
