INTRODUCTION

This Information Statement advises the shareholders of Propanc Biopharma Inc. (the “Company,” “we,” “our” or “us”) of the approval of the following corporate actions:

- The issuance of restricted shares of Common Stock of the Company to various officers, directors and service providers. As a result of recent achievements and incentivizing the management team and board of directors, as well as incentivize consultants supporting the Company, has agreed to issue the following shares to the following parties: 7,000,000 shares to James Nathanielsz, 2,000,000 shares to Jeannine Kingsley, 2,000,000 shares to the CFO Squad, LLC as nominee of Joseph Himy, 2,000,000 shares to Creabo Support BVBA (Annie Van Broekhoven), 2,000,000 shares to VivoPharm Pty Ltd (Dr. Ralf Brandt), 2,000,000 shares to Josef Zellinger, 2,000,000 shares to Prof. Klaus Kutz, 2,000,000 shares to Sylvia Nathanielsz, 2,000,000 shares to Dr. Julian Kenyon, 2,500,000 shares to Sylva International LLC, 2,500,000 shares to Brunson Chandler & Jones, PLLC, 2,500,000 shares to Gregory Harrison, 2,500,000 share to Krista Rash (the “New Stock Issuances”).
- Execute a reverse stock split of the Company’s issued and outstanding shares of Common Stock at a ratio somewhere between one post-split share per ten pre-split shares (1:10) and one post-split share per thirty pre-split shares (1:30) (the “Reverse Stock Split”).

The Company is subject to the NASDAQ Stock Market’s Listing Rules because the Common Stock is currently listed on the NASDAQ Capital Market (“NASDAQ”). The issuance of the additional shares of Common Stock implicate certain of the NASDAQ listing standards requiring prior stockholder approval in order to maintain our listing on NASDAQ.

The Majority Stockholders, in accordance with NASDAQ Listing Rules 5635(b) and 5635(c), approved (i) the New Stock Issuances and (ii) the Reverse Stock Split.

On March 16, 2026, our Board approved the New Issuances and the Reverse Stock Split and submitted the same to certain holders of our Series B Preferred Stock. On the same date, the holder of a majority of the voting power of the outstanding capital stock of the Company (the “Majority Stockholder”) executed and delivered to us a written consent in lieu of a meeting (the “Written Consent”) approving the New Issuances and the Reverse Stock Split.

Title 8 Section 211 of the DS provides that the written consent of the holders of outstanding shares of voting capital stock having not less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted can approve an action in lieu of conducting a special stockholders’ meeting convened for the specific purpose of such action. Title 8 Section 211 of the DS, however, requires that in the event an action is approved by written consent, a company must provide notice of the taking of any corporate action without a meeting to all shareholders who were entitled to vote upon the action but who have not consented to the action. Under Delaware law, shareholders are not entitled to dissenters’ rights with respect to the transaction listed above.

In accordance with the foregoing, we intend to mail a notice of Written Consent and this Information Statement on or about March 31, 2026. This Information Statement contains a brief summary of the material aspects of the actions approved by the Board and the Majority Stockholder, which hold a majority of the voting capital stock of the Company.

ACTION TAKEN

This Information Statement contains a brief summary of the material aspects of the action approved by the members of the Board of Directors of the Company and the Majority Stockholders.

APPROVAL OF THE ISSUANCE OF SHARES OF COMMON STOCK IN ACCORDANCE WITH APPLICABLE NASDAQ LISTING RULES

On March 16, 2026, the Board of Directors approved the issuance of restricted shares of Common Stock of the Company to various officers, directors and service providers. As a result of recent achievements and incentivizing the management team and Board of Directors, as well as incentivize consultants supporting the Company, the Board of Directors and the Compensation Committee of the Board of Directors agreed to issue the following shares to the following parties: 7,000,000 shares to James Nathanielsz, 2,000,000 shares to Jeannine Kingsley, 2,000,000 shares to the CFO Squad, LLC as nominee of Joseph Himy, 2,000,000 shares to Creabo Support BVBA (Annie Van Broekhoven), 2,000,000 shares to VivoPharm Pty Ltd (Dr. Ralf Brandt), 2,000,000 shares to Josef Zellinger, 2,000,000 shares to Prof. Klaus Kutz, 2,000,000 shares to Sylvia Nathanielsz, 2,000,000 shares to Dr. Julian Kenyon, 2,500,000 shares to Sylva International LLC, 2,500,000 shares to Brunson Chandler & Jones, PLLC, 2,500,000 shares to Gregory Harrison, 2,500,000 share to Krista Rash.

Stockholders Entitled to Receive Notice of Action by Written Consent

Under the DS, our , our Articles of Incorporation, as amended, and our Bylaws, any action that can be taken at an annual or special meeting of stockholders may be taken without a meeting, without prior notice and without a vote, if the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present, consent to such action in writing. Prompt notice of any action so taken by written consent must be provided to all holders of our Common Stock as of the Record Date.

NASDAQ Listing Requirements and the Necessity of Stockholder Approval

The Company is subject to the NASDAQ Listing Rules because our Common Stock is currently listed on NASDAQ. The issuance of the Shares and additional shares of our Common Stock issuable upon conversion of the Series C Preferred Stock implicate certain of the NASDAQ listing standards requiring prior stockholder approval in order to maintain our listing on NASDAQ, as follows:

- NASDAQ Listing Rule 5635(b) requires stockholder approval when any issuance or potential issuance will result in a “change of control” of the issuer (which may be deemed to occur if after a transaction a single investor or affiliated investor group acquires, or has the right to acquire, as little as 20% of the common stock (or securities convertible into or exercisable for common stock) or voting power of the issuer and such ownership would be the largest ownership position of the issuer). For the purposes of this rule, investors in the Transactions may be deemed to be the controlling stockholders following the conversion of the Notes. Stockholders should note that a “change of control” as described under Rule 5635(b) applies only with respect to the application of such rule, and does not necessarily constitute a “change of control” for purposes of Delaware law, our organizational documents, or any other purpose.
- NASDAQ Listing Rule 5635(c) requires stockholder approval prior to the issuance of securities when a stock option or purchase plan is to be established or materially amended or other equity compensation arrangement made or materially amended, pursuant to which stock may be acquired by officers, directors, employees, or consultants.

The Majority Stockholders, in accordance with NASDAQ Listing Rules 5635(b) and 5635(c) approved (i) the New Stock Issuances and (ii) the Reverse Stock Split.

Effective Date of Action by Written Consent

Pursuant to Rule 14c-2 promulgated under the Exchange Act, the earliest date that the corporate action being taken pursuant to the written consent can become effective is 20 calendar days after the first mailing or other delivery of this Information Statement to holders of our Common Stock as of the Record Date. On the 20th calendar day after the first mailing or other delivery of this Information Statement, the action taken by written consent of the Majority Stockholders described above will become effective. We recommend that you read this Information Statement in its entirety for a full description of the action approved by the holders of a majority of our outstanding Common Stock.

Dissenter’s Rights of Appraisal

Stockholders do not have any dissenter’s rights or appraisal rights in connection with the approval of the New Stock Issuances or the Reverse Stock Split.

REVERSE STOCK SPLIT

The Board has approved a reverse stock split of all the outstanding shares of the Company’s Common Stock at an exchange ratio of somewhere between one post-split share per ten pre-split shares (1:10) and one post-split share per thirty pre-split shares (1:30). As stated above, the holder of shares representing a majority of the voting securities of the Company have given their written consent to the Reverse Stock Split.

The Board believes the Reverse Stock Split is necessary and advisable in order for the Company to maintain the Company’s financing and capital raising ability. Accordingly, it is the Board’s opinion that the Reverse Stock Split will better position the Company to continue and/or expand operations.

Upon effectiveness of the Reverse Stock Split, (i) the number of shares of Common Stock issued and outstanding immediately prior thereto will be reduced from approximately 20,900,649 shares (assuming this number of shares, outstanding and issuable as of March 16, 2026, are outstanding immediately prior thereto) to somewhere between approximately 2,090,065 shares and 696,688 shares, depending on the ratio the Board elects to enact, and (ii) proportionate adjustments will be made to the per-share exercise price and the number of shares covered by outstanding options and warrants, if any, to buy Common Stock, so that the total prices required to be paid to fully exercise each option and warrant before and after the Reverse Stock Split will be approximately equal. Except for adjustments that may result from the treatment of fractional shares, which will be rounded up to the nearest whole number, each shareholder will beneficially hold the same percentage of Common Stock immediately following the Reverse Stock Split as such shareholder held immediately prior to the Reverse Stock Split.

The Reverse Stock Split will have the result of creating newly authorized shares of common stock. This increase in the authorized number of shares of common stock and any subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could (within the limits imposed by applicable law and stock exchange regulations) be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore less likely. Management use of additional shares to resist or frustrate a third-party transaction favored by a majority of the independent stockholders would likely result in an above-market premium being paid in that transaction. Any such issuance of the additional shares of common stock would likely have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company. The Board is not aware of any attempt to take control of the Company and has not presented this proposal with the intention that the Reverse Stock Split be used as a type of antitakeover device. Any additional shares of common stock, when issued, would have the same rights and preferences as the shares of common stock presently outstanding. Any additional shares of common stock so authorized will be available for issuance by the Board for stock splits or stock dividends, acquisitions, raising additional capital, conversion of Company debt into equity, stock options, or other corporate purposes. The Company has no other plans for the use of any additional shares of common stock and has no specific plans or proposals to issue additional shares, however, convertible noteholders may elect, at their sole option, to convert their convertible promissory notes into equity. The Company does not anticipate that it would seek authorization from the stockholders for issuance of such additional shares unless required by applicable law or regulations.

The Reverse Stock Split will become effective on the date that Nasdaq processes and approves the action. We intend to file the Reverse Stock Split with Nasdaq and have it become effective as soon as practicable following the twentieth (20th) calendar day following the date on which this Information Statement is mailed to the Stockholders.

OUTSTANDING VOTING SECURITIES

As of March 16, 2026, there were issued and outstanding 20,900,649 shares of Common Stock (with the holder of each share having one vote) and 1 share of Series B Preferred Stock. Pursuant to Title 8 Section 211 of the DS, at least a majority of the voting equity of the Company is required to approve the action by written consent. The Majority Stockholder, who holds 8,732 shares of Common Stock, and 1 share of Series B Preferred Stock (approximately 50.01% of the total voting equity of the Company), has voted in favor of the action, thereby satisfying the requirement under Title 8 Section 211 of the DS that at least a majority of the voting equity vote in favor of a corporate action by written consent.

The following table sets forth the name of the Majority Stockholder, the total number of shares that the Majority Stockholder voted in favor of the Reverse Stock Split, and the percentage of the issued and outstanding voting equity of the Company voted in favor thereof.

Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest.
